

Rithvik Patibandla

Second Year Undergraduate
Department of Electrical Engineering
Indian Institute of Technology, Kanpur

Email: rithvikp@iitk.ac.in
Phone: +91 – 9133140747

Work Experience

- Electrical subsystem, Autonomous Underwater Vehicle – IITK
 - December 2015 – Present
- Secretary, Robotics club – IITK
 - July 2016 – Present
- Web executive, Core Team, Science & Technology council – IITK
 - April – June, 2016
- Senior executive, Web Team, Inter IIT Sports Meet 2016
 - May – August, 2016
- Junior executive, Finance, Techkriti 2016

Projects

Battery Management System

Made a battery management system (BMS) for AUV – IITK. It divides the batteries into two voltage lanes – 12V, 5V and supports undervoltage protection, overvoltage protection and overcurrent protection. It displays voltages and currents in both lines on a GLCD display and calculates power consumption of the vehicle. Schematic and PCB design of the first prototype can be found here:
<https://github.com/rithvikp1998/BMS>

Web Development

- Made the backend of a website for Inter IIT Sports Meet 2016
 - <https://github.com/rithvikp1998/inter-iit>
- Made a website for science and technology council of IITK
 - <https://github.com/rithvikp1998/wiki>

Education

- B.Tech, Electrical Engineering, IIT Kanpur, Kanpur, Uttar Pradesh – CPI 6.4/10 – July 2015 – Present
- TSBE, Sri Chaitanya Narayana Junior College, Hyderabad, Telangana – 97% - 2013 – 2015
- SSC, New Vision High School, Khammam, Telangana – CGPA 9.5/10 – 2012 – 2013

Computer Languages: Python, C, HTML, CSS, JavaScript, SQL, PHP

Tools: Altium, Git, Multisim, Solidworks

Skills: Arduino, Full stack web development, Android app development, Linux command line
